

Weigh in on Wake Transit!

*1 engagement effort;
3 opportunities to
provide input*

Three Opportunities to Comment

1. The **Wake Transit Plan Update** outlines the long-term vision for public transportation investments in Wake County
2. The draft **FY 2022 Wake Transit Work Plan** outlines what will be spent in the next year to reach this vision
3. The **Community Engagement Policy** guides how Wake Transit partners communicate with the public about transit investments

GO FORWARD
A COMMUNITY INVESTMENT IN TRANSIT

1. The Wake Transit Plan Update

- Outlines the long-term vision for public transportation investment in Wake County
- Extends the 10-year planning period out through FY2030
- FY2021-2030 investments build upon growth and improvements realized in the first 3 years of plan implementation
- Community input received during the 18-month update process confirmed the plan's goals, aka "The Four Big Moves":
 - Connecting all Wake County communities
 - Connecting the region
 - Creating frequent and reliable urban mobility
 - Enhancing access to transit
- A public hearing for the Wake Transit Plan Update is scheduled on March 17th at 4:00 p.m.
- The Wake Transit Plan Update is anticipated to be adopted in April

2. The Fiscal Year 2022 Wake Transit Work Plan

- Each year transit partners create and approve an annual Work Plan to accomplish the goals of the Wake Transit Plan
- Outlines the service improvements and infrastructure investments that will be funded over the next fiscal year (July-June)
- Comments received on the draft Work Plan will be collected and considered by the planning team
- The updated document recommended for approval will be made available for additional community input in April
- The FY 2022 Wake Transit Work Plan is anticipated to be adopted in June

**Review and
comment now
through March
21st!**

3. The Wake Transit Community Engagement Policy

- Provides guidance to partners responsible for communicating, working with and hearing from the community on a wide variety of Wake Transit activities
- First engagement policy was adopted 2018 and is guiding the engagement periods for all three planning documents
- The updated policy:
 - Reflects current best practices
 - Offers clearer guidance to partners
 - Establishes a set of standards that align well with the many activities of Wake Transit
 - Streamlines the engagement requirements and sets expectations the community can count on

**Review and
comment now
through April
5th!**

Advancing Bus Rapid Transit

- The Wake Transit Plan includes the development of **four** bus rapid transit corridors. In FY2022, the City of Raleigh is proposed to receive \$12 million to advance the design of the Western Corridor Project.
- Planning for the other three corridors (New Bern Ave, Southern to Garner, and Northern on Capital Blvd.) will continue in FY2022.
- More information on the benefits of Bus Rapid Transit (BRT), how it could work in our community and progress updates on all four corridor projects can be found at raleighnc.gov/bus-rapid-transit.

July 1, 2021 – June 30, 2022

Making the Four Big Moves a Reality

Proposed FY2022 **GoRaleigh** investments include:

- **\$17.8 million** to design and build a Paratransit Operations and Maintenance Facility that would accommodate both GoRaleigh Access and GoWake Access operations.
- **\$12.8 million** to buy 22 new buses. Four paratransit replacement vehicles as well as 17 natural-gas fueled buses, 12 to replace older diesel vehicles and five to accommodate service increases.
- **\$3.2 million** toward building the East Raleigh Transit Center near New Bern Avenue and **\$133,200** to design and acquire land for two other transfer facilities.
- **\$2 million** to improve bus stops. Bus stop amenities can include concrete pads, benches, shelters, signs, access ramps and sidewalk improvements.
- **\$647,000** to update transit centers at Crabtree Valley Mall and Triangle Town Center.

Proposed FY2022 **GoCary** investments include:

- **\$35 million** to begin building a [GoCary Regional Bus Operations and Maintenance Facility](#).
- **\$1.6 million** to improve bus stops.

July 1, 2021 – June 30, 2022

Making the Four Big Moves a Reality, Continued

Proposed FY2022 **GoTriangle** investments include:

- **\$6 million** to buy land to relocate and design a new Regional Transit Center.
- **\$3.3 million** to design and buy land for park-and-ride lots near Interstate 440 and Interstate 540.
- **\$1 million** to improve bus stops.
- **\$343,000** to renovate and enhance several other park-and-ride lots.
- **\$333,000** toward design, land acquisition and construction of a Downtown Apex transfer point.
- Add 3 trips to the DRX Route (downtown Raleigh to downtown Durham)

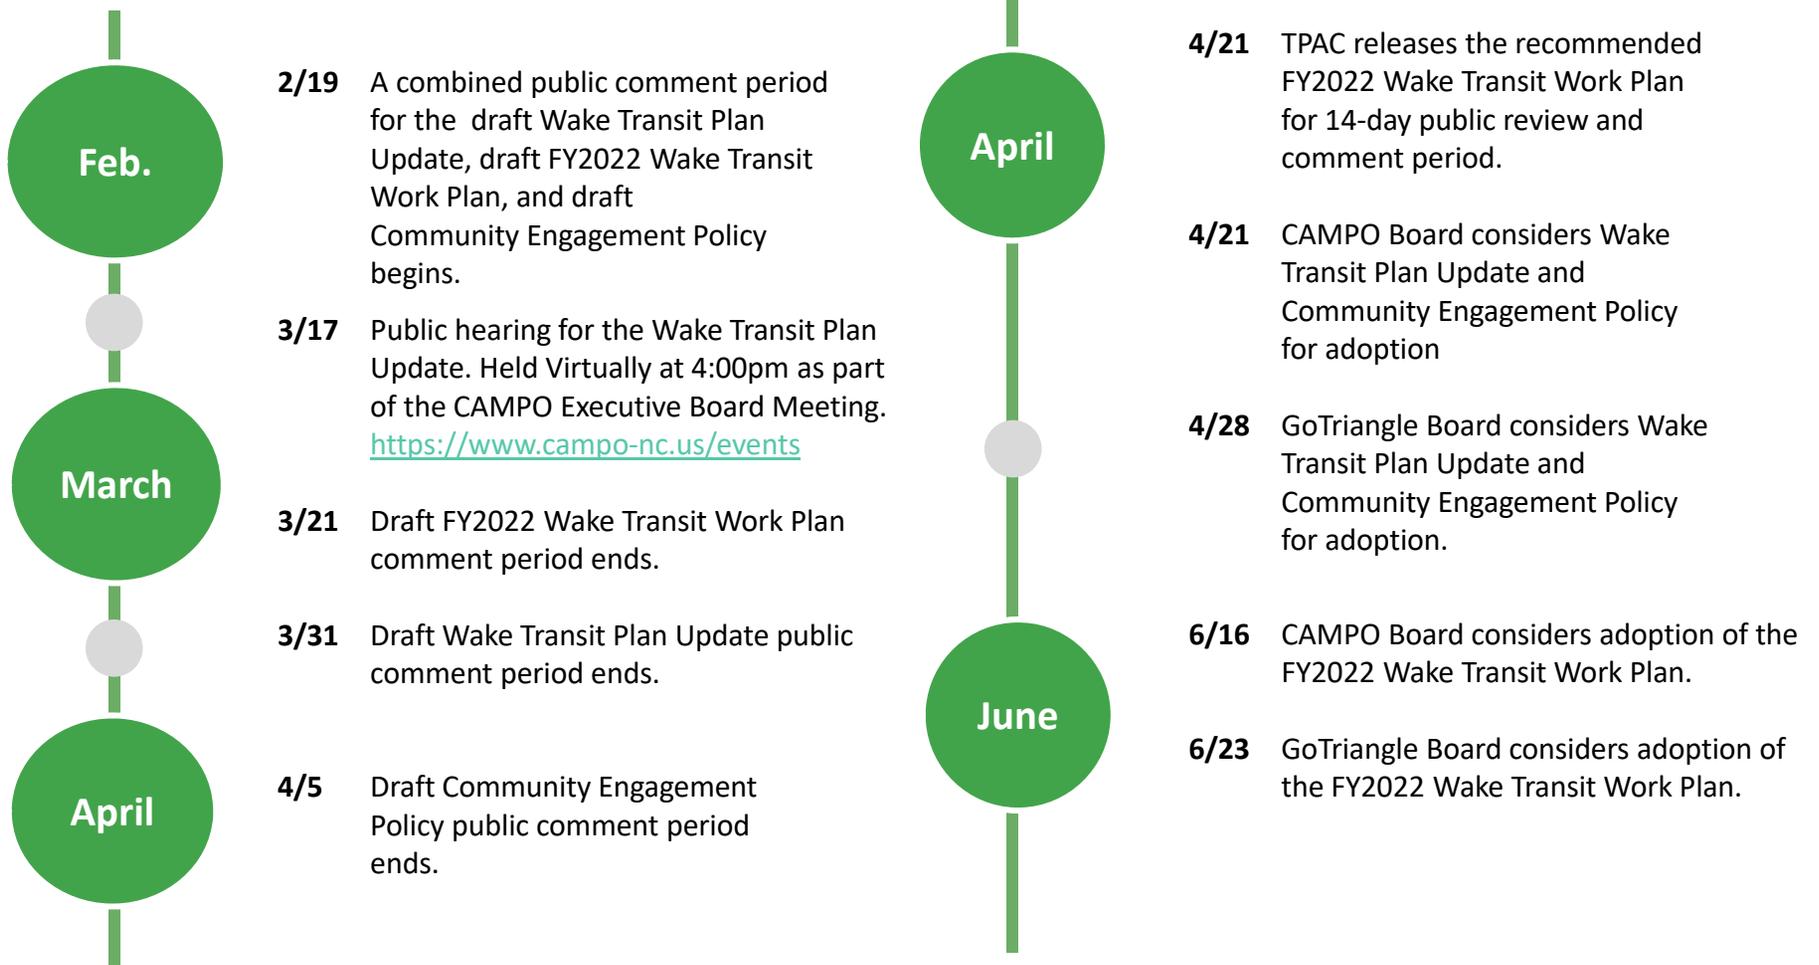

New and Continuing Regional Efforts:

- Support Community Funding Area Program eligible communities study and create their own local transit options.
- Study transit access to inform transit programming and funding decisions.
- Kick-off the [Wake Bus Plan](#) update process.
- Launch a unified mobile ticketing system for all Wake County transit agencies.
- Continue free fare programs for youths ages 13 to 18 and seniors age 65+.

July 1, 2021 – June 30, 2022
